Frontend Developer

PROFILE SUMMARY

Frontend Developer with expertise in JavaScript, React.js, and Next.js, adept at crafting responsive, user-centric interfaces. Demonstrates a proven ability to drive user engagement and streamline development workflows, contributing to scalable, high-performance web applications with a focus on seamless functionality and optimal user experience.

TECHNICAL SKILLS

NodeJS | Javascript | Typescript | HTML | CSS | NextJS | React.JS | Tailwind CSS | Axios | Rest API | Webhooks | MaterialUI

PROFESSIONAL EXPERIENCE

Frontend Developer | HNG Internship

Jun 2024 - Aug 2024

- Collaborated with other developers in the development of [Telex](#), a real-time notification app for database monitoring, enhancing developer productivity by automating alerts on application events.
- Designed and launched the Webhooks and blog pages, achieving a 20% improvement in user accessibility and integration.
- Created reusable components and boilerplate code, accelerating the frontend development cycle by 30% and enabling seamless scalability.
- Coordinated task distribution within the frontend team, leveraging React.js and Next.js to improve overall code quality and project efficiency.

Junior Frontend Developer | Freelance, Remote

Jan 2023 - Mar 2024

- Developed responsive, client-focused interfaces, achieving a 25% increase in user engagement on both mobile and desktop platforms.
- Optimized frontend code for performance and accessibility, reducing page load time by 15% and meeting industry standards for UX.
- Integrated RESTful APIs to facilitate dynamic content and enhance user interaction within applications.
- Collaborated with design and backend teams to ensure cohesive development and a consistent user experience throughout project lifecycles.

Junior Frontend Developer | HNG Internship

Mar 2022 - Dec 2022

- Built responsive landing pages using React.js and Tailwind CSS, resulting in a 15% increase in customer engagement and retention.
- Developed frontend components aligned with UI/UX principles, enhancing user satisfaction.
- Conducted code reviews and debugging, maintaining high code quality and functional reliability.
- Supported the development and testing of single-page applications (SPAs), helping meet project milestones and facilitating timely feature rollouts.
